**It's your life, go out and live it!**

Join your friends from Geneva State Bank's *Ambassador Club* on an adventure that will take you to the **"Castle on the Hill"** called **Castle Unicorn** near Glenwood, IA. There is something magical about castles with their towers and turrets. This sprawling European stone and brick castle with 400 acres of land has luxurious rooms and breathtaking views of the Loess Hills countryside. You'll need to climb the winding staircase to get to the top of the castle for the best view. Experience the life as it was with King Arthur and the Knights of the Round Table.

Sit down and enjoy a delicious **"Malibu Island" luncheon**. The owners of the castle will give you the details on lunch when you arrive. Following lunch, enjoy a **guided tour** of this unique castle.

Following lunch, experience a **guided tour** of **Ellison Technologies Automation**. This company was founded in 1983 and has successfully integrated more than 1,200 industrial robotic systems, thus positioning itself as a robotics industry leader. It has provided custom turnkey solutions for many Fortune 500 companies. Every day Ellison

# Castle on the Hill

Plus...Pottery, Wine and Technology

Tuesday, October 19, 2010

Technologies strives to find better ways to solve their customers needs.

It's time to sip a glass of wine at **Prairie Crossing Vineyard**. This vineyard is a family owned and operated vineyard perched atop the rolling hills of Western Iowa. Prairie Crossing is located on the trace route for the Mormon Trail and surrounded by the beauty of the Iowa countryside; the same vast prairie once crossed by the pioneers. Both the vineyard and winery offer spectacular views accompanied by the song of the meadowlark, bobwhite or country breeze.

Our last stop for the day will be **Prairie Fired Pottery** located in rural southwest Iowa. It is nestled in a valley with a creek running past, surrounded by 400 acres of conservation land and timber. The setting is ideal for the creative energies of artist Paul Koch. Guests who come to visit the showroom feel the spirituality of the land that nourishes an atmosphere that is conducive to creativity. Experience the fun of the creative process.

**Sign up early for  
this unique fall  
tour adventure**
